Introducing Our Featured Scrapper of the Month

SHARE

Share was introduced to the wonderful world of scrapbooking while looking for a Christmas present for her mom about nine years ago. She has been addicted ever since! Share defines her scrappin' style as "Classy Monochromatic". Lately Share can't resist distressing and sewing on her beautiful layouts. In fact, Share admits that she couldn't survive without her sewing machine! Share is a chatterbox and can be found all over the message boards at BP. We wouldn't have it any other way... Congratulations Share!

For me a circus is a magic show that appears and disappears like a world. A circus is disturbing. It is profound. ~ **Marc Chagall**

Titles and Quotes that will work beautifully with the: **"Center City: Murray Hill Collection"**

"Life is not about how many breathes you take, but about the moments that take your breath away."

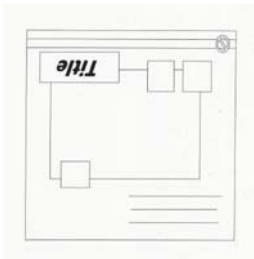

A child won't remember how many pairs of shoes you bought them, or how much you paid for those expensive clothes. But they will remember how loud you cheered for them at their losing ball games, and that long ride home just talking about stuff.

A baby is cuddles and tickles on toes, the sweet scent of powder, a kiss on the nose!

Sketch view #3

I am addicted to sketches! A sketch is not meant to be followed exactly. That is the genius behind using a sketch. You get a basic layout design and then you make it your own with cardstock, patterned paper, embellishments, and lots of yummy ribbon! I have included many views of this sketch so that you can see just a few of the variations you can try with the same sketch. Enjoy! Remember to upload your layouts made with this sketch to the BP Gallery!
